Love the Trees  
and Nature

PLAINFIELD  
NURSERY

---

SCOTCH PLAINS, N. J.

*The home of E. Stark, Esq., 162 Passaic Street, Passaic, N. J., harmonized with its surroundings by well-proportioned planting designed and executed by our Landscape Department. A charming flower-garden is included in the complete design*

## LOVE THE TREES AND NATURE

**A** GLANCE through the pages that follow will reveal many interesting photographs, showing the exterior of beautiful homes, through the special efforts of our competent Landscape Department. The dignity and beauty of these plantings are the best indications of the high quality of the work and material which our organization has put into them. These photographs, with two exceptions, are the actual reproductions of the work carried out by us, besides showing various views of our nurseries.

The stock grown in our fields, consisting of the most complete line of Evergreens, Rhododendrons, Azaleas, Shade Trees, Hardy Perennials, Roses, etc., enables us to carry out our Landscape Service for homes and grounds of any description, may they be large or small.

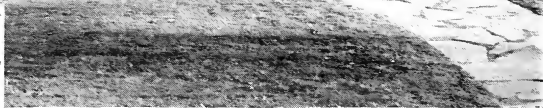

This book should be of valuable assistance to readers who contemplate present or future developing and planting of their grounds. While you are building your home or planning some definite changes on your grounds, it is most essential to get in touch with us, or some other landscape department, to get the work under way at the proper time and thereby facilitate the best results.

We at all times appreciate our patrons visiting our Nursery, so they may get acquainted with our material and service.

Besides this photo-book, we issue a separate price catalogue, which will be mailed upon request.

We are especially pleased to give the best planting suggestions possible. Do not hesitate to call on us or ask for our representative.

PLAINFIELD NURSERY, Scotch Plains, N. J.

*Composition of conifers and broadleaved evergreens designed and planted by our Landscape Department at the home of Edgar S. Bamberger, Esq., Gregory Road, West Orange, N. J. Architect—C. C. Wendelick of New York.*

*The planting is admirably scaled to the building by the use of fully developed specimen trees.*

*Plainfield landscape pictures at the residence of Charles W. Frazier, Esq., Mountain Road, Englewood, N.J. These photographs, made as soon as the planting was finished, show the immediate beauty obtained by proper planning, using appropriate material.*

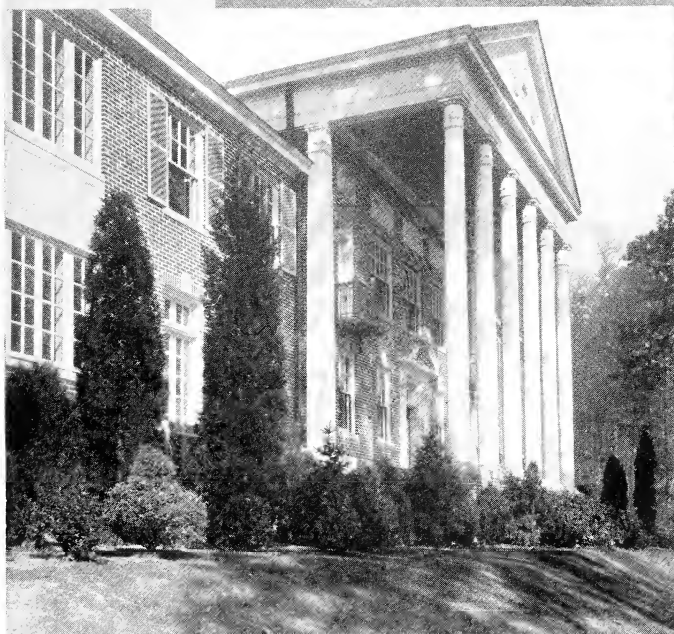

*Combination of evergreens, Japanese Maples, and flowering trees for beautiful color the year round, designed by us for the log-cabin estate of J. J. Stanler, Esq., Prescott Hill, Plainfield, N. J.*

*A colorful display garden of our creation at the Canoe Brook Country Club, Summit, N. J.*

*A successful treatment of the imposing residence of W. L. Blanchard, Esq., 440 Wyoming Ave., South Orange, N. J. The rigid architectural lines are softly blended into the surroundings by the skillful design of our Landscape Department*

*The home of Wilham Barkhorn, Esq., Prospect Street, Maplewood, N. J., for which our Landscape Department made this peculiarly fitting landscape picture and charming garden design. The box-hedge around the bird-bath is especially noteworthy.*

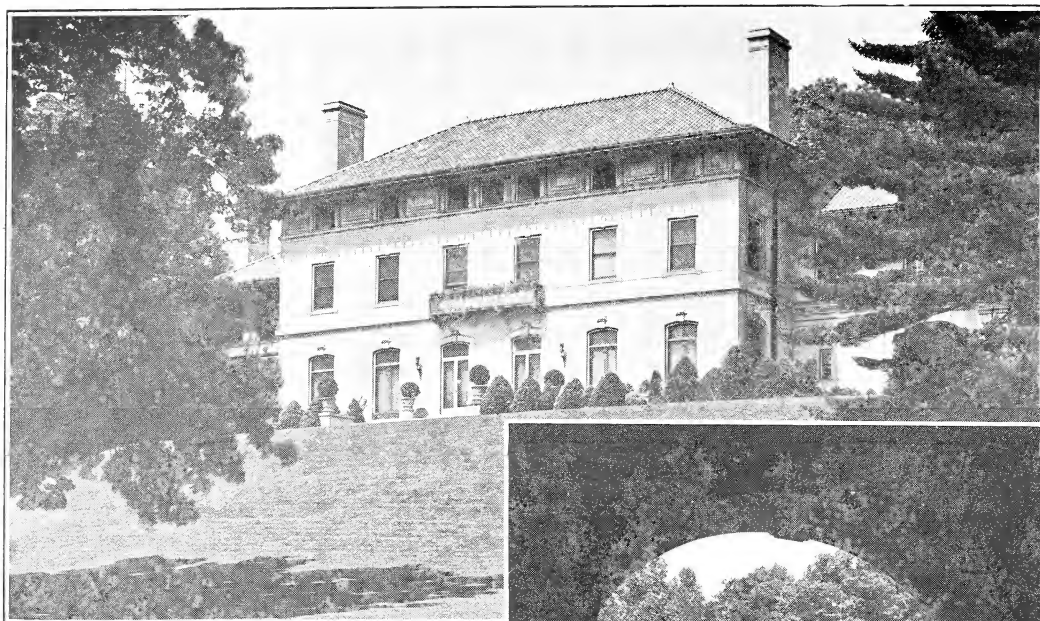

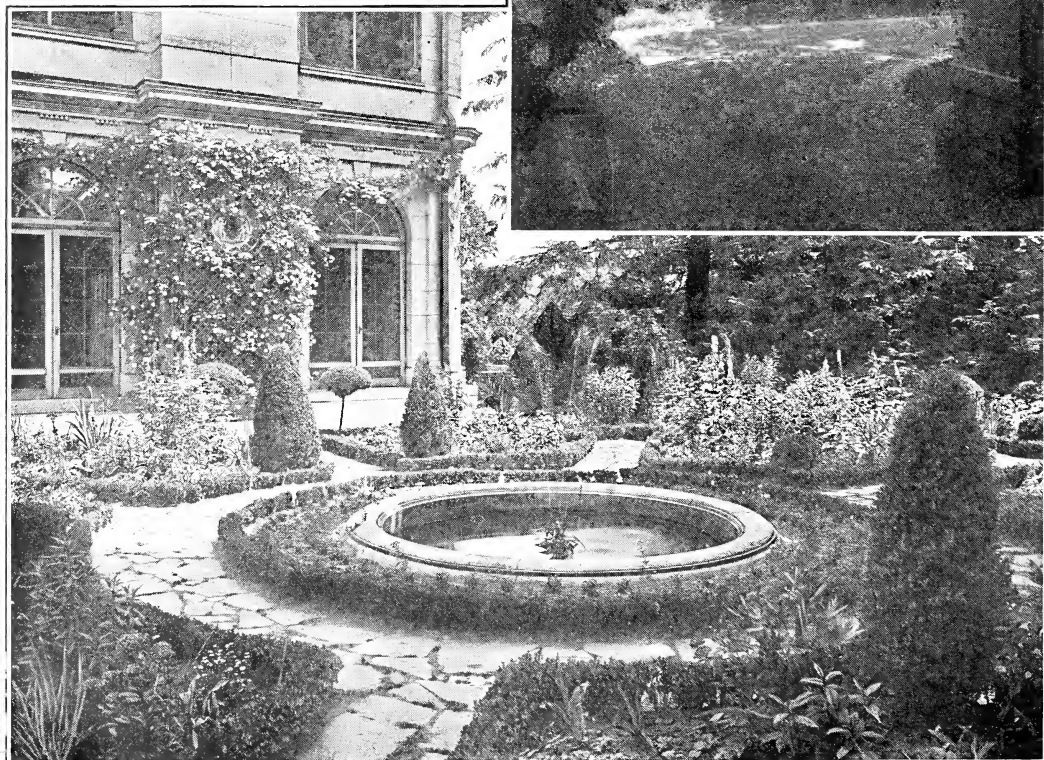

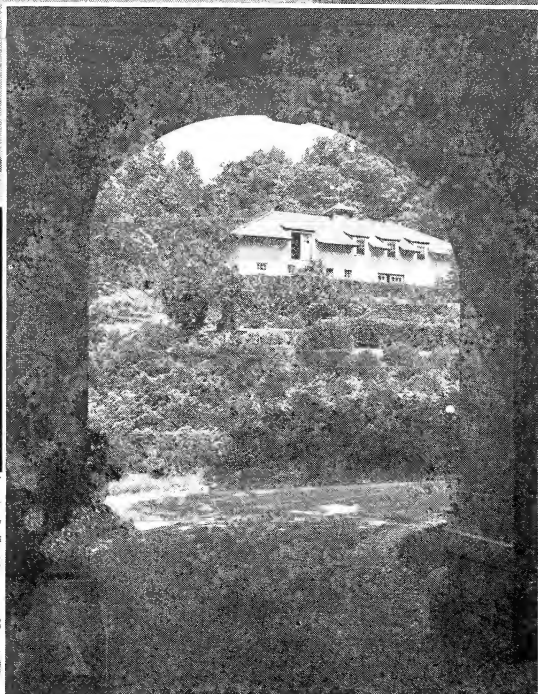

*There is an air of comfortable permanence in this grouping of evergreens and shrubs by our Landscape Department for Mr. George F. Hewitt, Jr., 40 South Mountain Avenue, Montclair, N. J. R. I. Markwith, Architect, New York.*

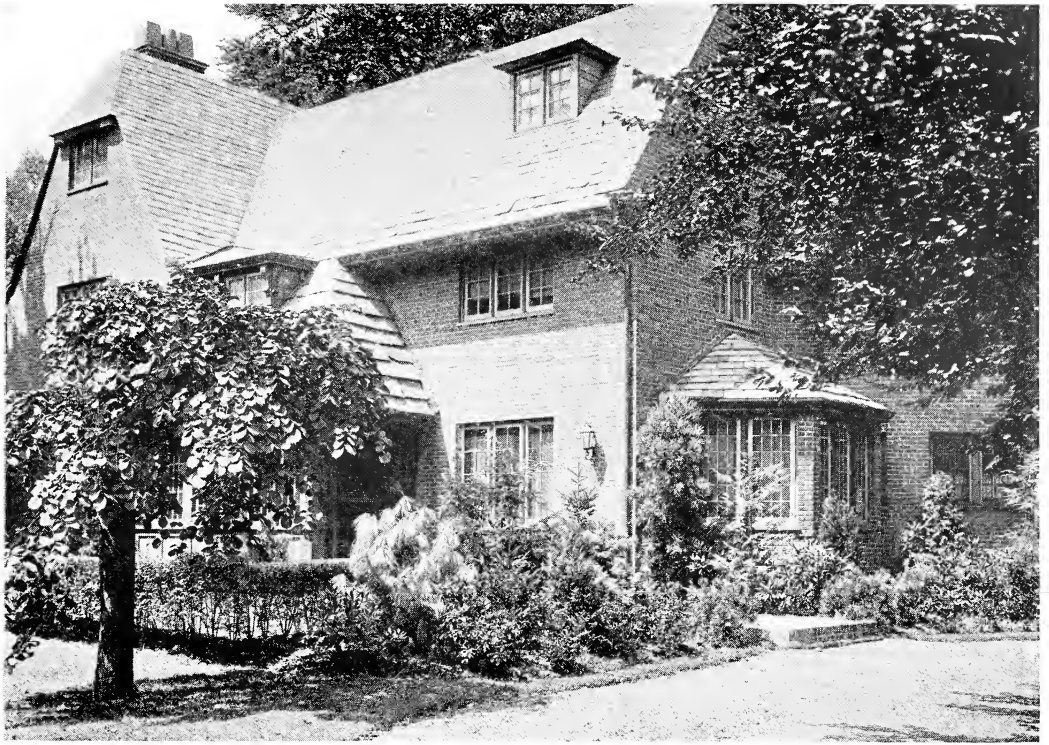

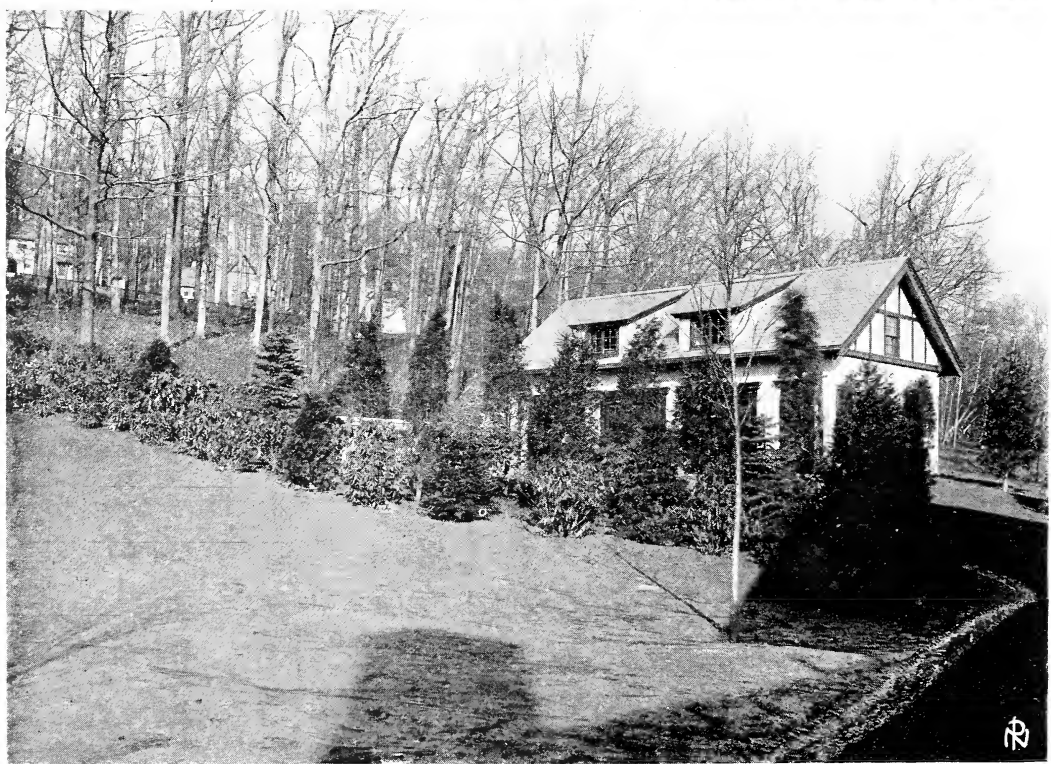

THREE VIEWS on the estate  
of V. S. Mulford, Montclair,  
New Jersey, showing plantings  
by our Landscape Department

*A delightfully picturesque arrangement of flowering shrubs and evergreens planned and planted by our Landscape Department for the home of E. DuP. Meyrowitz, Esq., 505 Berkeley Avenue, South Orange, N. J.*

*A broad and dignified lawn framed with an appropriate design of evergreens which also unites the house with its surroundings and discreetly screens the garage, planted by our Landscape Department for Mrs. E. H. Bennett, Upper Mountain Avenue, Montclair, N. J.*

Above, the residence of F. H. Mills, Esq., Martine Avenue, Fanwood, N. J., which is much enhanced by the dignified planting arranged by our Landscape Department.

Below, a charming rustic treatment of the grounds at the home of Frank E. Weldon, Esq., Fanwood, N. J., planted by Plainfield Nursery.

*Above, a splendid use of vines and massed evergreens at the home of J. L. Parson, Esq., 88 High Street, Montclair, N. J.*

*Below, the residence of Harold B. Thorne, Esq., 83 High Street, Montclair, N. J., where the azaleas, mingled with dwarf evergreens, are uniquely beautiful, especially in spring. Both plantings done under the supervision of our Landscape Department.*

*An attractive young planting arranged by our Landscape Department at the residence of Ernest B. Wright, Esq., 101 Cooper Avenue, Upper Montclair, N. J. Architect, W. O. Bartlett, Newark, N. J.*

*Artistic grouping of Plainfield evergreens and rhododendrons at the home of C. Maurice Hall, Esq., 89 Clinton Avenue, Montclair, N. J.*

SCOTCH PLAINS, N. J.

*A happy adjustment of new planting to harmonize with massive old trees, designed by our Landscape Department on the grounds of F. W. Wilshire, Esq., 245 Montrose Avenue, South Orange, N. J.*

*The Plainfield evergreens chosen here form a perfect setting for the charming home of Mrs. H. W. Barclay, 1 Stanley Road, South Orange, N. J.*

*A new foundation planting arranged by Plainfield Nursery at the home of F. L. Bittles, Esq., 15 Beverly Road, West Orange, N. J. Note the proper allowance made for future development of the material*

*Evergreens massed by our Landscape Department for light and shadow effects at the home of Robert Mains, Esq., Hickory Drive, Maplewood, N. J.*

SCOTCH PLAINS, N. J.

*The home of William De Bree, owner of the Plainfield Nursery. Special attention has been paid to securing flower-effects during the summer and green foliage in winter*

*A part of the Plainfield estate showing the rose-arch and rustic arbor with grouped rhododendrons and azaleas—a marvelously beautiful combination in spring*

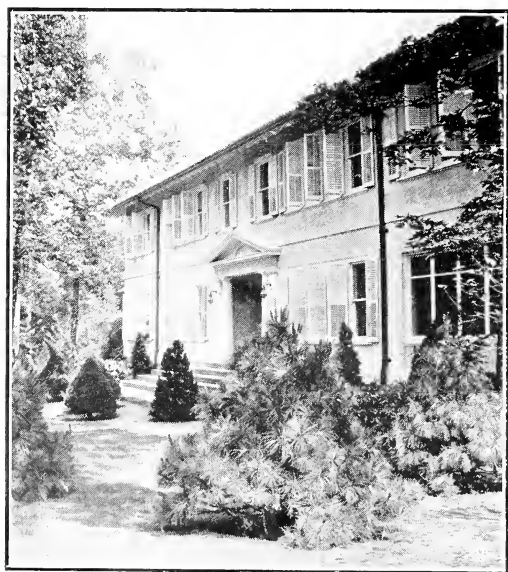

*An excellent treatment of steps and foundation arranged by our Landscape Department for George W. Nolte, Esq., 1165 Kensington Avenue, Plainfield, N. J.*

*Note the simplicity and dignity of this established planting designed by us several years ago*  
 SCOTCH PLAINS, N. J.

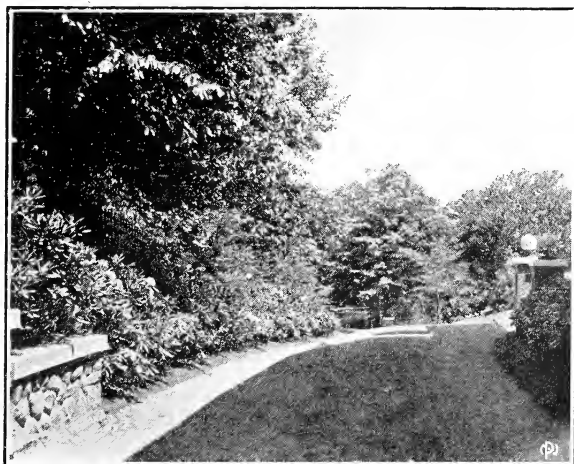

Well-balanced established planting arranged at this dignified home by our Landscape Department for Charles E. Lorzeaux, Esq., Evergreen Avenue, Plainfield, N. J. Note how the severe lines of the walls are softened into the lawn by the graduated groups of evergreens.

*Plainfield Nursery—the source of the material used in making the landscape pictures reproduced in this booklet. Young trees, office, packing sheds and other necessary buildings in the background*

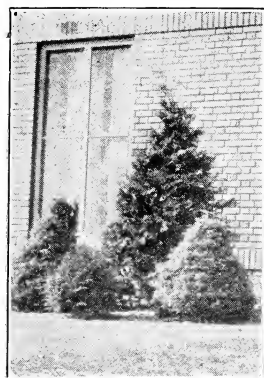

*The decorative quality of evergreens in winter, when they bend gracefully under festoons of glittering snow. Our Landscape Department plans for just such glorious effects of soft green foliage and sparkling winter berries as well as for summer beauty*

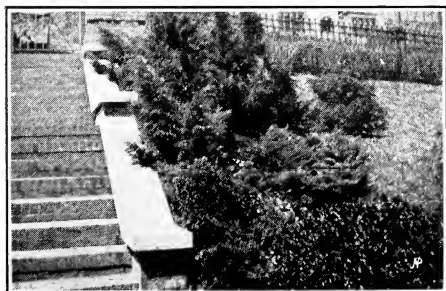

*An artistically arranged group by the window and a formal lawn and hedge treatment. The pictures on this page were all designed and executed by our Landscape Department*

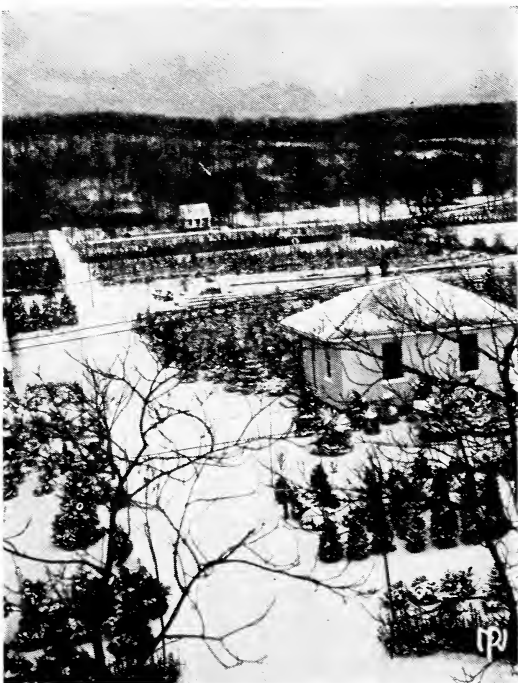

*A notable example of the stately effect of properly placed evergreens at the entrance to this imposing estate at Scarsdale, N. Y. This gateway sounds the keynote of the whole harmony of the landscape picture. Note the interesting detail of the step planting below and the austere beauty of the formal hedge*

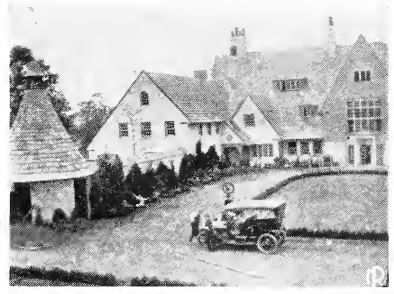

A picturesque Plainfield Nursery planting at Morristown, N. J. The photograph shows the permanent beauty attained by two years' growth. The flowering shrubs will be succeeded later in the season by brilliant foliage and autumn berries.

A bird's-eye view of Plainfield Nursery lying below the mountain. It embraces many acres of beautiful plants from which our Landscape Department draws its material and to which our customers may come to make personal selections. It is conveniently located on two main thoroughfares, Mountain Avenue and Front Street.

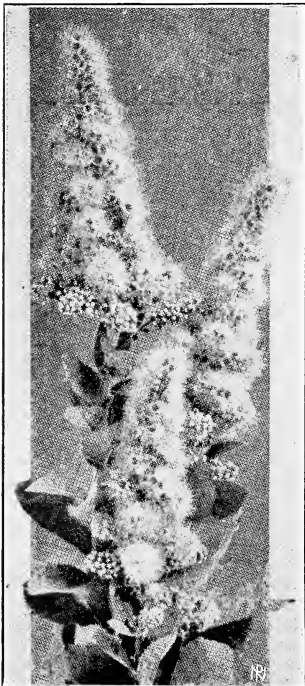

*Home pictures designed by Plainfield Nursery and details of two of the beautiful plants we use*

*This doorway is made particularly homey and inviting by the judicious use of Boxwood and Clematis*

*Two artistic formal designs. The elaborate beauty of the upper planting is achieved by lavish use of flowering plants and architectural features. The lower, which was developed by our Landscape Department, relies entirely upon the strength and severe beauty of a limited number of well-proportioned trees*

*A beautiful pool on an estate at Lenox, Mass., is given just the proper seclusion and grace by a well-designed and properly executed planting. This pool is always charming, both in its air of quiet and coolness and in its mirrored reflections. Below, a roadside development planted by Plainfield Nursery as a proper ornament and approach*

*Views in Plainfield Nursery: A field of Junipers growing under the best of care*

*Young evergreens well spaced to develop properly in one of our branch nurseries*

*The low-growing Pfizer's Juniper developing in our nursery*

*Storehouses and packing-sheds of Plainfield Nursery, equipped for careful handling of planting material*

*Rows of various evergreens including a fine block of the highly prized Blue Spruce*

*Large evergreens in our nursery developed to produce immediate, properly scaled effects*  
SCOTCH PLAINS, N. J.

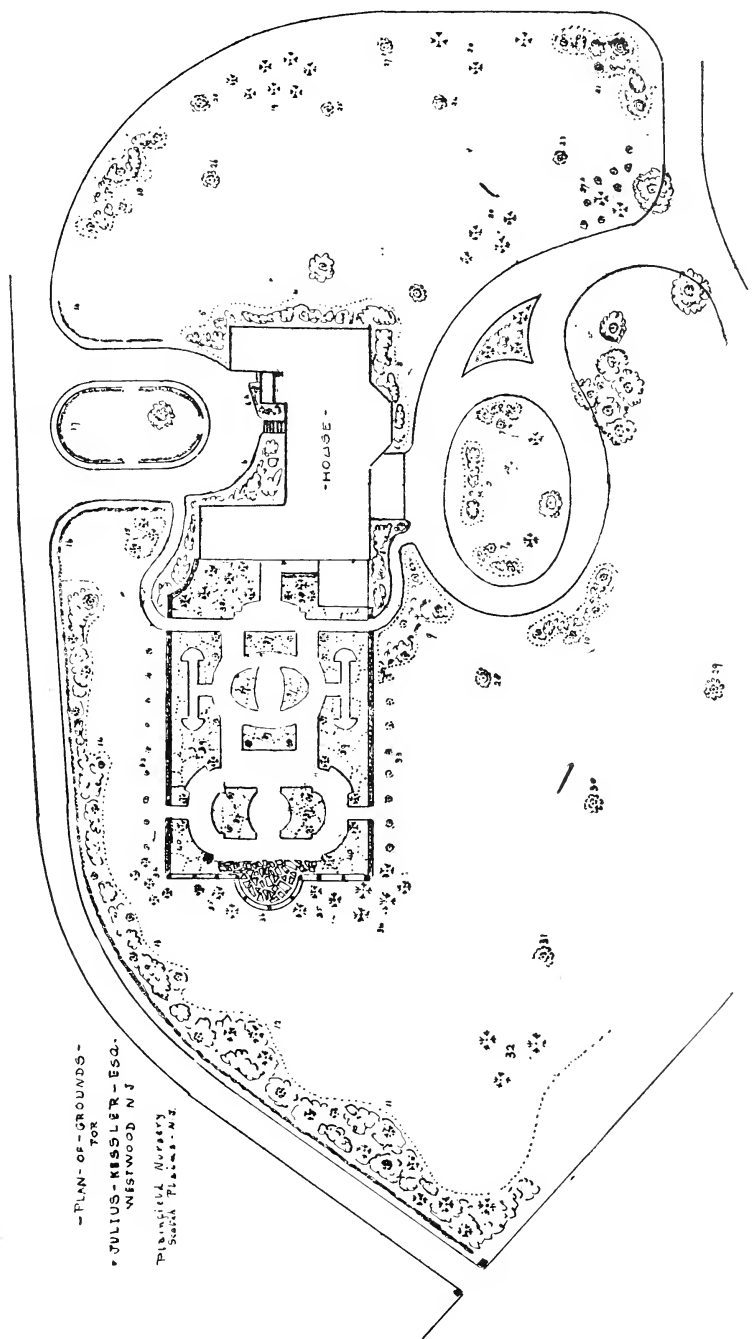

One of our delivery trucks with a load of large, living trees for one of our customers

Peonies are a specialty of ours. We have more than 100 varieties, two, three, and four years old, which will bloom immediately after planting

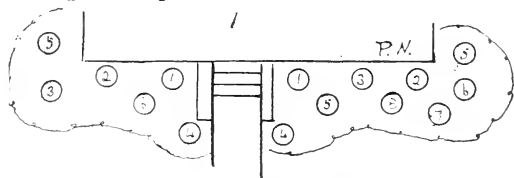

Privet for hedges is grown by the thousand in our Nursery

A detailed layout plan for developing an estate, as prepared by our Landscape Department. Whenever the planting is of sufficient magnitude to justify it, such carefully drawn plans are always submitted
